WHAT PEOPLE ARE SAYING

"So many people I talked to at the end of the day expressed their appreciation for your presentation at the Unstoppable Educators Summer Institute. Your ability to present "5 Quick Tips for Managing Problematic Behavior" in such an interesting way produced one of the most engaging sessions at our institute. I personally enjoyed your approach to presenting during the times I stepped in to your sessions. Please note that you will be asked again and again to present to this group of teachers instructing students on Access Points. That is what happens when you are so polished, fun and of course, unstoppable." - **Virginia Horton, Orange County Public Schools, ESE Administrative Staff**

"Working with Mrs. Williams has been my pleasure. The information she provides to our newly hired staff is always excellent and truly follows our mission. Thank you, Mrs. Williams, for all you do for YO!" - **Crystal Johnson, Youth Opportunity Investments, Director of Staff Training and Development**

"Our experience with Robin Williams MS, BCBA, has been very rewarding for the child, parents, and the classroom teachers. Robin is professional, timely, and very effective. After her initial observation, the report she provides everyone is extremely comprehensive and especially useful for the classroom teacher. She gives specific ideas and activities as well as provided material for the classroom to use. Her communication skills, warmth, and authentic desire to help children be successful create a safe environment for everyone. We have seen huge strides made in a very short time." - **Patty Moser, Trinity Child Development Center, Executive Director**
